## Measures to be Implemented in connection with the Prevention of the Spread of the Novel Coronavirus (COVID-19) in Georgia

### Article 1 – General provisions

For the purpose of the enforcement of Decree No 1 of 21 March 2020 of the President of Georgia ('the Decree of the President of Georgia') on 'Measures to be Implemented in connection with the Declaration of a State of Emergency throughout the Whole Territory of Georgia', this Ordinance aims to enable the State to fulfil its constitutional obligations to ensure necessary public security in a democratic society, to reduce any possible threat to the life and health of the country's population, and to control the situation.

### Article 2 – Restriction of transportation services

1. International air, land and sea transport services for transportation of passengers shall be suspended for the duration of the state of emergency.
2. Direct international scheduled flights shall be suspended. This restriction shall not apply to flights where a foreign aircraft lands in Georgia without passengers for the purpose of taking passengers from Georgia. Also, this restriction shall not apply to the following: cargo, governmental and military flights; flights to be carried out for outpatient care, emergency and technical landing purposes; flights to be carried out for specific aerial works and search and rescue activities; flights to be carried out for training purposes within the territorial waters of Georgia by a helicopter attached to a seaborne facility of the military-marine unit under the operational subordination of the Allied Maritime Command (MARCOM) of the North Atlantic Treaty Organization (NATO) and under the flag thereof.
3. An application for non-scheduled (charter) flights shall be reviewed individually by LEPL Georgian Civil Aviation Agency in coordination with the Ministry of Economy and Sustainable Development of Georgia.
4. The restriction provided for by paragraph 1 of this article shall not apply to a seaborne facility of the military-marine unit under the operational subordination of the Allied Maritime Command (MARCOM) of the North Atlantic Treaty Organization (NATO) and under the flag thereof, and/or to the entry of a seaborne facility into the territorial waters and open harbours of Georgia for navigational purposes.
5. For the duration of the state of emergency, in order to ensure economic activities permitted under Article 7 of this Annex and to prevent and stop the spread of the novel coronavirus (COVID-19), in agreement with the Emergency Operations Headquarters based at the Interagency Council established for the prevention of the novel coronavirus in Georgia ('the Operations Headquarters'), self-governing cities and municipalities, and in the case of Tbilisi municipality – the government of Tbilisi Municipality, shall be empowered to determine, within their administrative boundaries, the routes upon the request of legal persons, for the purpose of special regular transportation of passengers by M2 and M3 category motor vehicles. All persons engaged in special regular transportation shall be obliged to carry out the disinfection of their motor vehicles not more than 10 hours prior to each transportation.
6. The following shall be suspended for the duration of the state of emergency:

- a) the transportation of passengers by rail, other than service railway traffic, where, to ensure smooth cargo transportation, the employees are moved/carried, in agreement with the Operations Headquarters, from their places of residence to their places of employment and vice versa in accordance with a timetable developed by JSC Georgian Railway;
- b) the intercity transportation of passengers and/or the transportation of passengers within the administrative boundaries of municipalities by M2 and M3 category motor vehicles;
- c) movement by public transport, including the Metro and ropeways;
- d) scheduled air traffic for the purposes of transportation of passengers within the country. An application for non-scheduled (charter) flights shall be reviewed individually by LEPL Georgian Civil Aviation Agency in coordination with the Ministry of Economy and Sustainable Development of Georgia.

6<sup>1</sup>. (Deleted – 24.4.2020, No 264).

7. The movement of more than 3 persons (including drivers) by a vehicle shall be prohibited for the duration of the state of emergency. In addition, passengers shall be seated behind the driver in accordance with the recommendations issued by the Ministry of Internally Displaced Persons from the Occupied Territories, Labor, Health and Social Affairs of Georgia, provided that the structure of the passenger compartment of the vehicle allows this. The restriction on the movement of more than 3 persons by a vehicle shall not apply to the special regular transportation of passengers by M2 and M3 category motor vehicles permitted under this Ordinance. The driver of the vehicle shall be held liable accordingly for the violation of this rule.

8. The restriction provided for by paragraph 7 of this article shall not apply to the movement of authorised employees of the agencies that are responsible for the enforcement of the regime of the state of emergency and that implement quarantine measures.

9. For the duration of the state of emergency, the movement of persons on foot or by a vehicle shall be prohibited from 21:00 to 06:00.

10. The prohibition provided for by paragraph 9 of this article shall not apply to international cargo transportation.

11. The restriction provided for by paragraph 9 of this article shall not apply to persons/motor vehicles on the list agreed with the Operations Headquarters by public institutions and entities carrying out economic activities permitted by this Ordinance, whose movement is critical to perform official duties during the state of emergency.

12. During the period of the state of emergency, a natural person shall be required to carry an identity document.
